Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Saturday 18 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Murky and misty but dry.

This Evening and Tonight:
A murky night as cloud lowers to give mist and fog across parts of the region. Perhaps clearer for higher parts of the Peak District. Feeling cool but remaining largely frost free as cloud cover keeps temperatures above freezing. Minimum temperature 4 deg C (39 deg F).

Sunday:
Mist and fog providing a gloomy start with poor visibilities through the morning and most places remaining grey and cloudy thereafter. Feeling slightly chillier than Saturday but staying dry. Maximum temperature 6 deg C (43 deg F).

Outlook for Monday to Wednesday:
Remaining dry and settled. Many areas cloudy at first but some sunshine is likely, especially on Wednesday. Fog in places overnight and feeling colder with increasing likelihood of frost.
